

STARLINK
MARITIME

INTRODUCING STARLINK MARITIME

Starlink Maritime is a cutting-edge satellite communication service tailored for maritime applications. It provides high-speed internet connectivity to ships and vessels at sea, enhancing communication, navigation, and access to online services for maritime industries and sailors worldwide.

RELIABLE INTERNET WORLDWIDE

Starlink revolutionizes global internet reliability with its extensive satellite constellation. Its vast coverage ensures dependable internet access even in remote areas where traditional infrastructure is lacking. By reducing reliance on terrestrial networks, Starlink mitigates the risks of service disruptions caused by natural disasters or infrastructure limitations. It offers a robust and reliable internet connection, connecting people around the globe like never before.

WHY CHOOSE RADIO HOLLAND?

Radio Holland is a trusted Starlink referral agent and reseller. This partnership enables us to connect our customers with Starlink's state-of-the-art satellite internet technology. By combining their revolutionary product with our renowned installation services, we enhance our connectivity portfolio to better serve our maritime customers.

Specifications

Antenna	Electronic Phased Array
Orientation	Fixed
Environmental Rating	IP56
Snow Melt Capability	Up to 75mm / hour (3in / hour)
Operating Temperature	-30°C to 50°C (-22°F to 122°F)
Field of View	140°
Average Power Usage	110-150W
Wind Rating	Survivable: 280 kph+ (174 mph+)
Mounting	Wedge Mount Kit Included

What's in de box

- 1x Starlink Antenna
- 1x Wedge Mount Kit
- 1x Power Supply
- 1x Power Supply Mount Kit
- 1x Starlink Cable 25m
- 1x Ethernet Cable 5m
- 1x Power Cable 1.8m
